Morocco Sultan to Daughter of Duke in Marriage

Fabulous Value Bought by Chieftains; Feast Last Week

(Morocco) Oct. 24. —The Sultan of Morocco, Mohammed VI, and his daughter, Princess Lalla Aicha, were married in a magnificent ceremony at the palace of the Sultan in Morocco. The bride was dressed in a magnificent gown of white silk and gold, and the ceremony was attended by a large number of guests. The Sultan gave a magnificent feast to his guests, and the celebration was a great success.

FRANCE, DEBT BURDENED, ON VERGE OF COLLAPSE

Observer Asserts People Lack Hope for Future and Lay All Blame Upon America

BY FRANK H. SIMONDS

(Copyright, 1924, by the McClure Newspaper Syndicate.)

PARIS, Oct. 24. (Exclusive)—There is notoriously nothing more difficult than to get any real idea of the condition of a country which is in the throes of inflation. The very nature of the disease is such that all the symptoms seem to deny the fact. The economic life, so far from indicating any slowing down of activity, discloses an acceleration which is entirely like the fever in the human frame. But this acceleration promotes the notion of prosperity, of success, of something which denies to the eye all that the expert may say.

PEACE PLEA BROADCAST

Churches Urge Arbitration

Federal Council Says Major Nations Reserve Right to Declare War

Armistice Day Message Calls Europe Leader in Policy of Conciliation

WASHINGTON, Oct. 24. (AP)—Declaring the United States, Great Britain and Japan still reserve to themselves the right to resort to war for maintaining their rights and securing their interests, the Federal Council of Churches in an Armistice Day message today called on all the great nations of the world to set up effective agencies for settlement of international disputes by arbitration.

SLAYER OF FIVE KILLS SELF

Former Senator in Illinois Leaps Into Cistern After Murdering Wife, Daughters and Grandchildren

MARION (Ill.) Oct. 24. (AP)—During a sudden fit of insanity late last night, W. O. Potter, 56 years of age, former State Senator and United States District Attorney, killed his wife, two daughters and two grandchildren, one a baby 3 weeks of age, and then drowned himself in a cistern at the rear of the Potter home. The skulls of each of the five victims had been crushed with an iron furnace shaker.

PORTLAND MYSTIFIED BY CRIMES

Police Plan to Obtain Aid of Well-Known Expert in Solving Slayings

PORTLAND (Or.) Oct. 24. (AP)—After thirty hours of investigation into the mysterious deaths of three Portland women last week, police today set plans on foot to bring to the city some nationally known criminologist to take charge of the case.

Little Hope for Sick Brother of Brookhart

WASHINGTON, Oct. 24. (AP)—The condition of James L. Brookhart, State Senator and brother of Col. Smith W. Brookhart, Republican Senatorial nominee, was growing worse tonight after a short rally during the day. Last night brought a relapse, and the life of the Senatorial nominee was held in jeopardy.

Two Ways of Looking at Proposition 7-A

FATAL FIRE IN OIL FIELD

Two Known Dead and Ten Hurt in \$500,000 Blaze Near Beaumont, Tex.

BEAUMONT (Tex.) Oct. 24. (AP)—Fire, which swept through the new oil field near Sour Lake, twenty miles west of here, for fourteen hours today, was brought under control early tonight, with two persons known to have been killed, a third believed dead, ten seriously injured, two perhaps fatally, and \$500,000 in damage as its toll.

Marine, Facing Court Martial, Kills Himself

SAN FRANCISCO, Oct. 24. (AP)—Rather than face a court-martial charging him with dereliction of his duty, Corp. James Robert Miller, one of a detachment of United States Marines sent here from San Diego to guard the music, committed suicide today.

Scientists to Try Measuring Planet Mars

Score of Convicts in Escape

HOUSTON (Tex.) Oct. 24. (AP)—Twenty-five white men escaped from the Blue Ridge State Prison No. 2 late last night, according to reports received here by night chief of Police R. J. Martin.

Will Rogers' Daily Diary

JOPLIN (O.) Oct. 24. (To the Los Angeles Times)—You meet the oddest people on your travels. I met a fellow who did not claim to be in lovers' lane the night of the Hall-Mills murder. If they had charged admission to that, they would have made more than the Dempsey-Tunney fight. You people certainly have a wonderful country in this America and I am thoroughly enjoying my trip. A leaf from my official diary.

ARMENIA DEATHS INCREASE AS TREMBLORS CONTINUE

Twelve Villages Destroyed, Making 100,000 Persons Homeless; Country in Despair

LENINKAN (Armenia) Oct. 24. (AP)—Upward of 400 persons have been killed, hundreds of others mortally injured and 100,000 made homeless by earthquakes which, starting Friday night and recurring until early today, have destroyed the greater part of this city of 40,000 inhabitants and twelve thriving towns in the vicinity. The whole of Armenia has been terrified and the destruction amounts to millions of dollars.

LIGHT QUAKE RECORDED IN BAY DISTRICT

SAN FRANCISCO, Oct. 24. (AP)—A slight earthquake, which did no damage, was felt in the San Francisco Bay district at 2:52 p.m. today.

Mary L. Baker Again Engaged, Reports Assert

BELGRADE (Yugo-Slavia) Oct. 24. (AP)—Miss Mary Landon Baker, Chicago housewife, is engaged to be married to Bojidar Pouritch, former Yugo-Slav Consul in Chicago. It was learned today that the Ministry of Foreign Affairs has given Mr. Pouritch, who is now attached to the Foreign Office, permission to marry.

Two Dying in Prison Break

JEFFERSON CITY (Mo.) Oct. 24. (AP)—Two convicts were believed to be dying, five were suffering from buckshot wounds and a guard was stabbed severely as a result of a desperate break for freedom by seven convicts at the Missouri State prison here today.

Influenza Jinx Still on Trail of Screen Pair

NEW YORK, Oct. 24. (AP)—Influenza, which caused the postponement of the wedding of Doris Kenyon and Milton Sills, screen stars, has interrupted the couple's honeymoon in the Adirondacks. The bride is in a private sanitarium here recovering from the grip.

AMERICA'S TARIFF POLICY TO STAND UNCHANGED

Issues Formal Notice for Administration Concerning Bankers' Manifesto

WASHINGTON, Oct. 24. (P)—Secretary Mellon gave notice today on behalf of the administration that the tariff policy of the United States will stand unchanged, despite a manifesto signed by European and some American bankers proposing a leveling of tariffs in the interests of trade, and to be applied to this nation. The proposal "appears to be directed to European conditions," Mr. Mellon said in a statement which was conceived at a White House conference.

The plan of the bankers of manufacturing will be done abroad "where the costs are less." As an example, he cited the situation of the Aluminum Company of America, in which he was a large stockholder. With the present tariff on this product, the company supplies the American market from domestic plants, although it has properties in many other countries where labor is cheaper. If the tariff was removed, he explained, it would be profitable to supply part of the American market from abroad.

"The effect of removing the tariff on aluminum," he said, "would not in the least be to hurt the Aluminum Company but to deprive the United States of the benefit of enlarged manufacturing here. Less capital will be invested here and less labor employed."

"The United States is the largest customer in the world today. If we were not prosperous and able to buy European goods, it would be to our disadvantage to see that American labor will ever consent to the abolition of protection which would bring the American tariff taken off."

LOST SOLDIER DETAINED AS SPY

RACINE (Wis.) Oct. 24. (Exclusive)—Frank Revela, believed dead after he was listed as unaccounted for after one of the battles in the World War, suffered loss of memory from shell shock and wandered into Italy where he was arrested, as a spy, it has been revealed to relatives here. The War Department is now arranging to send Revela to his home here. He was forced to serve a year in the Italian army after his arrest and the return to military regulations helped him to regain his memory, he wrote to relatives.

SITUATION IN EUROPE
 "The situation in Europe since the war is different from the situation in America," he continued. "The two would only become comparable if we should consider each of the forty-eight States a separate nation, each having its own tariff, its own railroad, its own currency and its own language. Under such conditions the industrial power of the United States must and would end."

"Like standards of living prevail in all of the States of this country and virtually all of the European nations have similar standards," he pointed out, but the standards of America and Europe differ widely, and "unless we are willing to bring our standard in America down to the level of that of Europe, we cannot consider a change in our tariff, however desirable such a change may seem to Europe."

"Our tariff policy has been mainly responsible for the development of manufacturing in America," he asserted. "Our tariff policy has brought to labor the highest real wages in history. The development of manufacturing has been accompanied by improved methods and quantity production, and we have been able to make and distribute at a relatively low price, considering the high cost of labor. In many lines we more than meet foreign competition with its low labor costs."

HIGH WAGE EFFECT
 "In turn, high wages have created a great consuming population which has been the principal factor in our reaching quantity production, and thus low costs. These reasons, I think, account for the present exceedingly prosperous condition generally of our country."

"The trend of trade during the past few years convincingly confirms the contention that the volume of imports is controlled by the purchasing power of the nation, rather than the rate of import duties assessed."

The Secretary declared that Europe was selling increasing quantities of products to America, mostly in the nondurable classes, things the United States does not produce.

"No doubt to those who have been misled into the belief that at the present foreign countries cannot sell to the United States, the statement that during 1926 no less than 65.2 per cent of the total imports were free of duty is a distinct surprise, and the fact that in 1926 imports free of duty exceeded the imports both dutiable and free of the year of 1914 by more than 60 per cent is a revelation."

STUDENTS FATIGUED
 Air Officer Advises Rest Period at Sea for Aviation Graduates.

WASHINGTON, Oct. 23. (P)—Naval academy graduates are too mentally fatigued after completing a four-year curriculum to make first-class student-aviators, in the opinion of Capt. S. R. H. Doyle, who is charged with instructing the new officers in aeronautics at the San Diego naval air station. He recommended to the Navy Department today that the newly graduated midshipmen be given sea duty for a year before taking flying courses.

A mental let-down in the general attitude toward studies has been noted after graduation, he said, and a turn at sea duty would not only equip the men mentally for further study but would give them a better idea of the relation between naval aviation and the fleet.

CRISIS LOOMS IN EGYPT
 CAIRO, Oct. 24. (Exclusive)—A political crisis looms in Egypt as a consequence of the downward plunge of cotton which the Egyptian government is trying to check, unsuccessfully. The government has decided to assist the small growers with advances to enable them to hold the cotton until prices improve.

HAVANA STORM AID REQUESTED

Government Appeals for Financial Assistance

Homeless and Jobless Put to Work on Roads

United States Dispatches Ships With Food

HAVANA, Oct. 24. (P)—The first official estimate of the casualties caused yesterday by the Red Cross, from the great hurricane of last week—600 dead, 2000 injured and 6000 families homeless—was unchanged today. In the city of Havana 117 bodies of storm victims already have been buried.

The Cuban government has found it necessary to ask for outside aid in supplies to the stricken area. The American Embassy remained open all last night and today in an endeavor to arrange the delivery of supplies to the stricken area. The American Army and Navy have been asked for coats and 1000 large tents for temporary shelter for the homeless.

Trains are operating to a majority of the stricken districts and supplies have been sent to the Isle of Pines direct from Guantanamo, on two naval vessels from Guantanamo, and two from Key West. Relief committees are distributing free food from kitchens which have been established throughout the storm zone.

More than \$5,000,000 is available for relief work among the poorer people. Water is scarce and electric lights are still lacking in a greater part of the city.

The work of repairing the streets, buildings and roads has given employment to many of the homeless and refugees, and employers in some cases are paying the workmen at the end of each day, so that they may have funds.

No general estimate of the damage to the sugar crop has been received, but all except a few of the mills expect to be able to start grinding the next crop on January 1. In the Provinces of Havana and Matanzas 50 per cent of the crop is said to be useless on some plantations, but sugar men here do not believe that the general damage will exceed 30 per cent in the area swept by the storm.

ADDITIONAL FUNDS FOR CUBAN RELIEF
 WASHINGTON, Oct. 24. (P)—An additional \$75,000 was appropriated by the American Red Cross today for relief of hurricane victims in Cuba, bringing the total American contribution to the Cuban Red Cross to \$100,000, not including the \$10,000 placed at the disposal of Ambassador Crowder.

The action followed receipt of a report from the Cuban Society saying its funds are insufficient to meet the needs.

Ambassador Crowder, in a report to the State Department, described the situation as serious, and the Navy Department was notified that the cruiser Milwaukee and destroyer Goff had reached the Isle of Pines with relief supplies and physicians.

SURVIVORS OF WRECKED BRITISH SHIP LAMB
 HAMILTON (Bermuda) Oct. 24. (P)—Sinking of the British naval sloop Valerian and the British freighter Eastway with aggregate loss of approximately 100 lives and heavy damage to buildings here and unprecedented havoc among harbor shipping, made up the toll of a West Indian hurricane which drove up from the south and swept over Bermuda Friday morning.

From the nineteen survivors of the Valerian's crew of 103 officers and men little could be learned to-night as to the cause of her sinking. Her commander, Capt. William Usher, and one other officer were among those saved. Capt. Usher to-night was reported very ill and none of the other survivors was in condition to discuss the wreck.

One seaman said the sloop turned turtle and that only the life rafts could be used as a means of escape. As the survivors were picked up by the British cruiser Capetown, which did not leave port until Saturday morning, it was presumed that the men were adrift on the life rafts at least twenty-four hours.

The Valerian was returning from an "errand of mercy" to the Bahamas, where she had gone to carry succor to those stricken in the hurricane a month ago.

The British freighter Eastway foundered Friday night. The British schooner Lucia reported that she answered an S.O.S. call from the Valerian, but the Eastway had gone down when she reached the location given and members of the crew were drifting at the mercy of the storm. The third officer and eleven other members of the crew were picked up and safely landed.

VALERIAN DISASTER DEATH TOLL EIGHTY
 LONDON, Oct. 24. (P)—The death toll on the British naval sloop Valerian, which was sunk in the recent hurricane in the Atlantic, south of Bermuda, numbers about eighty men. This is the estimate of the British admiralty, which in brief statement relative to the disaster, gives the names of nineteen survivors, among them her commander, William Usher. The admiralty places the total crew aboard the sloop at "about 100."

The Valerian was a submarine hunter during the war and recently was engaged in customs work. She measured 1200 tons and carried two four-inch guns and four three-pounders.

The King has sent through the admiralty a message of condolence and sympathy to the bereaved relatives.

Liquor Control Bill Prepared by Norwegians
 OSLO (Norway) Oct. 24. (P)—The Norwegian government's new liquor traffic bill will be introduced in the Storting when it opens in January. As understood at present the bill would repeal of the prohibition law and provide simple regulations for the sale of liquor.

In addition to disallowing the sale of liquor to persons under 21 years of age, it will set forth that anyone who has infringed the rules governing liquor sale or who has committed a crime under the influence of alcohol shall be prohibited from purchasing liquor.

To make the regulations effective cards will be issued to all law-abiding citizens above the age of 21. The Minister of Social Welfare is busy preparing a bill to permit the government to redeem all privately owned shares, amounting to about 20,000,000 kroner in the existing liquor monopoly, a State-owned institution.

SOUTHLAND STREAMS TO GET TROUT
 Fish and Game Board Planting Waters Here for Anglers

More news which should be of value to Southern California hunters and fishermen is contained in the weekly report of Jack Hines, secretary of the Citizens Fish and Game Conservation Committee with offices at 417 Sun Finance Building.

"This fall has seen the planting of more trout in Southern California streams than ever before," states Hines, "and thanks should go to the men working in the Fish and Game Commission. The men in the Conservation Committee as well as the commission are striving to help everyone interested in conservation work to give back to Southern California its former glory as the sportsman's paradise."

Last week at Brownstone Station in Ventura county, 15,000 rainbow and 40,000 steelhead trout were delivered and planted in the streams of that district. The Matilla was planted with 10,000 rainbow, 40,000 steelhead and 35,000 loach trout. At Ojai, 10,000 each of rainbow and steelhead were planted, while at Santa Barbara, 10,000 each of rainbow and steelhead and 15,000 loach were planted.

Ah Ha, Prince Quits Pretty "Cinderella"
 NEW YORK, Oct. 24. (Exclusive)—Another Cinderella and her gray-haired Prince charming have parted. This time the prince left his Cinderella. He backed a moving van up to the love nest and moved out everything movable.

"There," said Carnarisse housewives to their daughters, "goes Barney Ferrara, Carnarisse's own daddy Brownie."

Barney is the 73-year-old burgher, rich in Carnarisse building lots, who eighty-five days ago, married 15-year-old Rosalie Guaraputo, adopted child of Mr. and Mrs. Baldassar Guaraputo of Brooklyn.

He married her to right a wrong he had done her—a wrong for which he served time. Rosalie had to marry him, according to the unwritten law of her people, to redeem her good name.

Rosalie, now back with her parents, said today her aged husband failed to keep his promise to build her a big house and buy her an automobile and fine clothes, although at the wedding July 31, Barney gave his wife a diamond ring, a diamond-studded wrist watch and \$1000 in cash.

MRS. FRANCES MOFFATT STRICKEN BY DEATH
 DENVER, Oct. 24. (P)—Mrs. Frances A. Moffatt, widow of David H. Moffatt, builder of the Denver and Salt Lake Railroad (Moffatt line), one of the West's earliest scenic railways, died here today following an operation in Mercy Hospital. Funeral arrangements await the arrival of relatives from the East.

DAWES ASSAILS PRIMARY EVILS

Says System Fosters Rule by
Interested Minority

Favors Nominations by Party
Convention

Vice-President Speaks at
Polish Celebration

CHICAGO, Oct. 24. (P)—The primary system tends in many localities to substitute rule by an interested minority for the rule by the majority, Vice-President Charles G. Dawes asserted today in an address of tribute to Thaddeus Kosciuszko, Polish hero who fought for American liberty.

OLDEST AMERICAN PRISONER BEGINS FIFTY-FIFTH YEAR

WAUPUN (Wis.) Oct. 24. (Exclusive)—An anniversary will be celebrated at the State penitentiary here tomorrow in honor of "Old Bill" Maxwell, who is entering his fifty-fifth consecutive year of a life sentence for murder. Maxwell is 68 years of age, and the oldest man in any American prison.

He was committed to the penitentiary here fifty-four years ago on his plea of guilty to killing a man in a saloon brawl. Everybody in the prison knows Maxwell.

The Vice-President in part said: "As a result of the primary system the present Senatorial contests in the different States which theoretically involve national issues, are being largely fought out upon local and personal issues."

on believes "Old Bill" story that he would commit murder again for the reason of his incarceration—defenses of a woman's honor. That is why Bill is feted with a party as he starts on another year.

For the past twenty-five years Maxwell has been an ardent student of the day's events and converses easily on any subject. For several years he has been confined to the prison hospital, where he is free to roam. He is a confirmed atheist, believing neither in hell, heaven nor hereafter.

to select his candidates. "A State, county or city administration having large patronage and large business interests to give always holds its interest vote for its selected candidates."

The primary system, therefore, is responsible for the election by parties of some men whose chief effort after election seems to be to disorganize their party and fight its policies. Again in other cities the ballot is so large that it is impossible for the average voter to know the names of the candidates, competency, or attitude upon public questions of the moment of those on the primary ticket.

"It is no answer to this situation to say that corrupt organizations can control a nomination at a convention for less money than they can control the primaries. This is questionable. But they are much more certain to control a primary than a convention, the impartial portion of which can unite intelligently in opposition."

WILL FOLLOW REASON
"A dominating convention composed of intelligent men inform themselves as to the character, ability and competency of nominees. The conventions, having its mind on these qualities, often with the power and desire to nominate an improper candidate, will follow reason instead of desire and nominate a good candidate for the purpose of insuring party success in the election where there is always a comparison of candidates, according to these qualities. In a primary election the interested minority will demand and more certainly obtain a candidate devoted to their interests."

**Wild Monkey
Real, Not Due
to Applejack**
THREE RIVERS (Cal.) Oct. 24. (P)—An untidily large and wild monkey with a long tail and a loud wail at night has been reported by several residents of this district. Among those who have seen it are Clarence Linder, apple grower; Mr. and Mrs. Frank Baker, neighbors; and one hunter who is reported to have mistaken it for a bear and to have dropped his gun and fled.

Reports of Three Rivers residents partially explain questions asked this summer by tourists to Sequoia National Park who told rangers of seeing a strange monkey-like animal but who were suggested at that time of drinking something stronger than the apple cider common to this district. It has been suggested that J. Bruce, State lion hunter, be put on the trail of the animal which is disturbing the sleep and peace of mind of ranchers around here.

It is thought the animal may have escaped from some circus in the San Joaquin Valley.

**BANNING OF HORSES
FROM "LOOP" URGED**
CHICAGO MAY FORCE DOBBIN TO
BACK STREETS AS AID
TO SPEEDIER TRAFFIC

CHICAGO, Oct. 24. (Exclusive)—Horse-drawn vehicles may be banned from "loop" streets if the City Council adopts the recommendations of Miller McClintock, traffic engineer, who has just completed a city-wide survey for the traffic committee of the Association of Commerce.

The elimination of old dobbins, or at least his relegation to side streets, because he is too slow to keep pace with trucks and motor cars, was forecast from one of the preliminary reports of the survey issued by the committee.

"The heavy horse-drawn dray is an important factor in the anti-like pace imposed upon loop vehicles," said the report. "They contribute a substantial part of the traffic congestion on several streets."

Fast and slow vehicles, that is passenger and freight vehicles, are now permitted to use the same roadway, with the exception of boulevard restrictions, Mr. McClintock points out. As a result, heavy vehicles hold down the speed of the entire lane of traffic.

RUSSIAN TRADE GAINS
Unfavorable Balance Reduced During
Year Just Closing

WASHINGTON, Oct. 24. (P)—Russia's foreign trade with her European neighbors for the Russian fiscal year ending September 30, gave a more favorable trade balance of \$44,000,000 as against an unfavorable balance the previous year of \$64,000,000, the Russian information service here has been informed.

The exports were \$302,000,000 against imports of \$346,000,000. The total trade showed an increase of 13.7 per cent for the year.

The information bureau said there was a marked trend toward a favorable balance this year. For the first time there was an actual favorable balance of \$2,000,000.

**RHEUMATISM VICTIMS
EXPENSIVE TO LABOR**
THE HAGUE, Oct. 24. (Exclusive)—The international conference on rheumatism has opened at Amsterdam. Dr. Van Breenan of Holland, secretary of the international committee, pointed out the importance of work of the American and English research hospitals for special diseases. Another delegate declared that 5,000,000 working men are lost yearly by rheumatism sufferers, while in Sweden one-sixth of the pensioned invalids are rheumatic victims.

**DEATH TAKES NOTED
OKLAHOMA EDUCATOR**
CHICKASAW (Okla.) Oct. 24. (P)—Dr. G. W. Austin, 55 years of age, for twelve years president of Oklahoma College for Women, died at his home at the college here today from heart disease.

CRIME INDUSTRY BOOMING

Chicago Small Fry Show Hand in Ten Cases of
Violence as Professional Gunmen Lay Off

CHICAGO, Oct. 24. (Exclusive)—Furrows of the police blotter today indicate that crime, one of the chief industries, is displaying no sign of letting down in Chicago. The chief bottleggers and professional gunmen took a day off, giving the smaller fry a chance at publicity. Arthur Smith, 40 years of age, a negro, was shot and killed following an argument in a crap game. Police are searching for Willie Haines, negro.

Pete Pastelo, 34, a Mexican, was arrested on a charge of shooting a man through the neck from behind. He was found in a cheap residential district. He had been shot through the neck from behind by a man named Voltrai. Voltrai was one of twenty-nine children. Two brothers, Jim and Tom Plumer, returned to Africa in one of the ships that carried slaves to their original home soon after the close of the Civil War. Both are in their nineties and still living, according to Plumer.

Henry's father, now 139, was still enjoying life in Georgetown, D. C., when Plumer last heard from him two months ago. His mother lived to be 73 years of age. Henry himself was one of twenty-nine children. Two brothers, Jim and Tom Plumer, returned to Africa in one of the ships that carried slaves to their original home soon after the close of the Civil War. Both are in their nineties and still living, according to Plumer.

Henry's father, now 139, was still enjoying life in Georgetown, D. C., when Plumer last heard from him two months ago. His mother lived to be 73 years of age. Both are in their nineties and still living, according to Plumer.

SEVEN BURN IN CRASH
SANTA ROSA, Oct. 24. (P)—Seven persons were hurt, two so seriously they may die, when an automobile driven by Harold O. Price of Healdsburg, collided with one driven by John Schuler of Petaluma, two miles south of Santa Rosa last night.

Queen Elizabeth Kept Clean
"Queen Elizabeth kept herself clean, after he had refused to lend her some money."

Des Moines—Police are endeavoring to establish the identity of a well-dressed man, 50 years of age, found in the street slain by a vampire auto or the victim of thugs.

A. J. Rasmussen, 30, was instantly killed and L. E. Ribor, 40, seriously injured when they were run down by an automobile filled with drunken roustabouts.

Thos. J. Stacey, 56, of Evanston, secretary and treasurer of the Electric

Negro, Father of Thirty-four, in 106th Year

DALLAS (Tex.) Oct. 24. (Exclusive)—Henry Plumer, 106 years of age, father of thirty-four children, rail splitter with Abraham Lincoln, maker of medicine, and now alone in his vine-shaded cottage here since the death of his fifth wife, is considered the oldest resident in Dallas.

Henry's father, now 139, was still enjoying life in Georgetown, D. C., when Plumer last heard from him two months ago. His mother lived to be 73 years of age. Henry himself was one of twenty-nine children. Two brothers, Jim and Tom Plumer, returned to Africa in one of the ships that carried slaves to their original home soon after the close of the Civil War. Both are in their nineties and still living, according to Plumer.

TROJANS TO GIVE CARDS HARD FIGHT

SPORTS

The Los Angeles Times

MONDAY MORNING, OCTOBER 25, 1926.

When the Thundering Herd Thundered Its Way to Football Victory at Berkeley

"Devil-May" Kaer Shows the Bears
The individual star of the Trojan triumph. The Coast's leading scorer romped around and through the Bears' tackle. Here he is being downed after one of his frequent twenty-yard runs through the Bears' tackle.

TROJANS NEAR SCORING LEAD

Pennsylvania Leads by Point in Dash for Honors

Kaer Tops Touchdown Stars With Nine

Lafayette Jumps to Third Place With Victory

BY RALPH HUSTON

When the Thundering Herd of Troy was raging up and down Memorial Field at Berkeley Saturday afternoon, it was not only running itself dizzy in the 27-0 victory that wiped out several old scores, including a certain 7-0-0 defeat back in 1924, but it was also dashing its way to fame, and to a position within a single point of the leadership in the nation's point scoring.

BEARS FOUGHT
The wonder of it was that the score was not 50 to 0. Of course, California is not the California of last year or of other more successful seasons, but the team that represented the Blue and the Bears played like the Trojans

(Continued on Page 2, Column 4)

That'll Be About All For You
Quint "Brick" Marcus as he stopped Jesse Hibbs, Trojan tackle, when the latter was headed for a touchdown after taking a pass from Kaer. It was a good thing for the Bears that Marcus intervened, for Hibbs had already gained twenty-two yards when he was stopped.

Trojans Tied With Farmers for Top Rung

GRANGES CRUSH WILSONS

New York Yankees Beat Wildcats in 6 to 0 Game as Tryon Goes Over for Touchdown

NEW YORK, Oct. 24.—At the Yankee Stadium, which was not the least rained upon spot in the extreme moistness of today, Harold Grange and his supporting cast of New York American League professionals presented themselves in vivid red, white and blue uniforms before the home folks in a league game with the roving Wildcats of George Wilson, erstwhile Pacific Coast star, and due entirely to a seventy-six-yard dash in the closing periods by Colgate Eddie Tryon, the Granges defeated the Wilsons, 6 to 0.

There was no tradition back of the onlookers of his prowess. He fumbled some, was thrown for several losses, but without he kept his feet well as did the others, making sizeable gains, the longest 18 yards in the second period, and put up a sterling exhibition of defensive football. He intercepted one pass, knocked down another within a snap of his goal line and made a great tackle of a flying enemy in the open field when that enemy seemed headed for a touchdown in the third period. The line-up:

TILDEN TO INVADE EUROPE

NEW YORK, Oct. 24. (P)—William T. Tilden, former national singles champion, will return to the scene of his former triumphs to compete in the Wimbledon and French hard court tennis championships in 1927, the American Lawn Tennis Magazine announces in a current issue. The trip will mark Tilden's third invasion of Europe and his first since 1920 and 1921, when he won the world singles title at Wimbledon.

BOOTS WIN TILT FROM FIRE TEAM

Naval Training Station Cops 14-7 Grid Contest From Smoke Eaters

A pair of snappy end runs of 19 and 13 yards, both of which netted touchdowns, gave the Navy Training Station of San Diego a 14-7 victory over the local Fireman's football team before a crowd of 4000 fans at Maier Park yesterday. Young "Boat" halfback, scored both tallies, while Otto Ringal galloped 18 yards for the smoke-eaters' touchdown.

The two teams battled evenly throughout the first half, neither being able to score, and a considerable bit of energetic punting being called into play.

Then in the third quarter, Young galloped around end for twelve yards and a touchdown, after the Navy team had advanced on line plunges, to put his team in front. Ringal evened the count in the fourth quarter, but Young tallied his second.

MEXICAN LADS TO STUDY HERE

Religious Strife Sends Many to United States

Trains Filled With Women in Mourning Garb

High School at Guadalajara Nearly Deserted

BY LEE SHIPPY

JUAREZ (Mex.) Oct. 24. (Exclusive)—Every train coming out of Mexico through this port is crowded with women dressed in black, and with children, all bound for the United States. They are not fleeing from the wrath to come, but are going to the United States to put the children in school because of the religious boycott on State schools in Mexico. It is because of that boycott, too, that the women wear black.

In Guadalajara recently I visited the most charming high school I ever saw—a huge, rambling, one-story structure built around a patio filled with noble palms and shrubs and with a little garden beside every classroom. It was a pretty well-equipped school, too, with all the practical studies and some art and music. Last year, I was told, it had 600 students; this year it will have only fifty.

Later the same day a man brought his two sons to see me, to inquire about schools in the United States. He said he intended to take the boys to the United States at once. It is probable that fully one-third of Guadalajara's 500 students who have joined the boycott have gone or are going to the United States to complete their education, and in many cases mothers or other relatives go with them. As families go, these are

GENE, AL AND BETH ARRIVE

Triplets Named For Ring, Political and Royal Celebrities

NEW YORK, Oct. 24. (Exclusive)—Celebrities in the realm of politics and station were honored today when Peter O'Brien named the newest members of his family—triplets, born last night.

One he named Alfred, after Al Smith, New York State Governor.

Another Gene—for Gene Tunney, world's heavyweight champion.

The third wouldn't stand for being named after a celebrated man—because she is a girl. Her name is Elizabeth—after the Queen, maybe.

the very flower of Mexico's population.

In the coach which brought me here were twelve women and full-grown girls all dressed in mourning, and eight small children. Most of them are from Guadalajara, and all are bound for San Diego, Los Angeles and various Texas points. The blood ties between the United States and Mexico are going to be stronger as a result of this religious "war."

CAFE HELD UP

FAIRFAX (Cal.) Oct. 24. (P)—Three men held up a cafe here early today and after relieving Boidi and Silvio Dotti, proprietors, and three other occupants, of \$50, tied the victims' hands and feet and escaped. Wire taken from pictures on the walls, was used to trap up the victims.

ROLPH ACCUSED OF TEMPORIZING

Bay City Citizens Criticize Strike Conditions

Action Demanded of Mayor to End Violence

Indictment of 200 to be Asked of Grand Jury

SAN FRANCISCO, Oct. 24. (P)—Following up the action of the Industrial Association of San Francisco, which yesterday posted a reward of \$10,000 for apprehension of the slayers of C. W. Campbell, a union carpenter who was beaten to death last week, the Special Citizens' Committee of 100, in an open letter, today accused Mayor Rolph of "temporizing" in the matter of the carpenters' strike. Immediate action to end strike violence was demanded of the official.

"You have temporized—and murder has been committed," the letter stated in part.

The fact that the bloody work goes on without action on the part of the Mayor is evidence that he can not or will not stop the violence. If he will not, we want to know it. If he can not, let him, as the responsible executive of the city, put his action against the delinquents of the force of his command."

At the same time the committee announced that a meeting would be held tomorrow to outline a request to the grand jury that indictments be returned against officials of the carpenters' union and against armed rioters for 200 assaults since the start

SMOTHERS TO DEATH IN DUST

Driver of Ox Team Suffocated W. A. Dragg, Along Highway

FRANKLIN (N. C.) Oct. 24. (P)—A new case of death—suffocation from highway dust—was entered yesterday upon vital statistics records here.

Harley Scoville, 35 years of age, was driving an ox team when he fell from the wagon. He held to the lines and was dragged a short distance in the road. His mouth and nose became filled with dust and the coroner reported that he smothered to death.

of the strike of union carpenters on nonunion jobs last April.

Chief of Police O'Brien, today defended the police department against criticism in connection with the labor dispute.

"In an industrial dispute of this kind the city is divided and this enhances manifold the difficulties of police in obtaining evidence," he said. "Many of my officers have reported that doors were slammed in their faces when they went to the homes of known witnesses to industrial violence of the carpenters' strike to obtain statements."

SAVINGS LOST IN FIRE

STOCKTON, Oct. 24. (Exclusive)—Leonard Camp of Empire, near Modesto, distressed bank, so he boarded his savings of \$400 in a box in an apartment occupied by himself and family. Today the Camp family of eight is destitute, fire having swept away the apartment and its contents.

Reno Attorneys Face Charge of Hiring 'Steerers'

CHARGING several Reno lawyers have retained railroad conductors, bellboys and other employees of companies and hotels to "steer" divorce clients to their offices, the grievance committee of the Nevada Bar Association has recommended a searching investigation. It is charged several prominent attorneys have been guilty of breach of professional ethics.

The committee reports some lawyers have refused fees to clients with the provision that the favored parties bring new business to the attorneys. It has long been known that certain lawyers were supporting an "information bureau" in New York to divert divorce business to Reno, and a general investigation of numerous complaints has been ordered.

Harry Lauder in America for Another Tour.

NEW YORK, Oct. 24. (P)—Sir Harry Lauder, Scotch humorist and singer, returned to America on the Aquitania after an absence of two years with the same "Daisy" and the same "Bessie." The "Daisy" and "Bessie" are Lady Lauder, who accompanied him. Sir Harry, wearing a tweed coat, kilt, a Glenngarry and his old pair of octagonal spectacles, told reporters he will make a concert tour, going as far as Omaha.

"This is the nineteenth year I've been coming to America," he said, "and people are beginning to ask how old I am. Well, I am 38; that's just the age I feel. I will retire when I get a better job."

Community Chest Guardian Angel for Needy of All Los Angeles

THE helpless, homeless, weak and dependent of all ages come under the sheltering wing of the Community Chest, which will stage its annual appeal for funds November 9 to 23. The budget required for the 154 agencies during 1927 is \$3,220,114.25. This budget will care for the needs of hospitals, clinics, orphanages, child care and better health centers, homes for the aged, family relief departments, protective agencies, character building and better citizenship groups. The Chest makes but one appeal a year for funds with which to carry forward its great welfare work. During the two weeks of the appeal an "army" of 15,000 workers, will comb the city for contributions. It is expected that the number of donor members of the Chest will reach 500,000 this year. Pictures on this page represent different phases of the Chest.

ARCADIA, Oct. 24.—Winning of a decision by the state supreme court in the three-year battle to amend the city charter, Pasadena, has been a great relief to the city. The decision, which was handed down by the court in a unanimous opinion, held that the city of Arcadia was entitled to amend its charter. The city had been fighting the case since 1923, when it first brought the matter before the court. The decision is a great victory for the city, and it is expected that the city will soon be able to amend its charter.

ARCADIA, Oct. 24.—The city of Arcadia has been victorious in its long fight to amend its charter. The state supreme court has ruled in favor of the city, and the city is now free to amend its charter. The city had been fighting the case since 1923, when it first brought the matter before the court. The decision is a great victory for the city, and it is expected that the city will soon be able to amend its charter.

BUYS HUB'S BASIN WELLS

Petroleum Company Takes Over Production and Royalties in \$1,000,000 Deal

A deal has just been closed, according to an announcement made yesterday, whereby the production and royalties of the Hub Oil Company, in the Los Angeles basin, have been sold to the Petroleum Company, for a consideration which is reported to have been approximately \$1,000,000. The property acquired consists of 140 wells with a net daily production of 1100 barrels, eleven of them being situated at Signal Hill and three in the Redondo end of the Torrance district. Royalty interest in three wells at Signal Hill and overriding royalty in two wells at Los Cerros were also acquired. The Petroleum Company will repair and perhaps deepen some of the wells to freshen up their production, which is now settled, but no new drilling is contemplated.

OLD HARQUA HALA MINE TAKEN OVER

California Company in Control of Once Noted Gold Property

BUCKLEBURG, Ariz., Oct. 24.—(Exclusive)—The old Harqua Hala mine, about sixty miles southwest of this point, has been taken over by the California Company. The corporation is a California one, with H. C. Beal of Salinas, Ariz., as president, John C. Mills of Los Angeles, Cal., as treasurer, and V. H. Christensen of San Francisco as secretary. The Harqua Hala was an early gold bonanza, worked with production of millions of dollars by four corporations, including the Hubbard interests of San Bernardino. Recent exploration is declared to have found valuable lead and silver in the mine. The mine is about twenty-five miles west of the Tonopah-Belmont camp, across the high Harqua Hala range. Up to 800 a ton of lead and silver is said to be the average value of seven feet of ore on the 450-foot level of the mine. The mine is owned by the California Company, which has completed its modern electric power plant, as well as its mill.

Sunnyside Mine Company Makes Fast Progress

Excellent progress on the development program which is being undertaken by the Sunnyside Consolidated Mining Company, of the Outman district, is being made.

Storms Slow Up Work on Canario Copper Estate

In the development of its Batamoti mine near Batamoti, S.W. Ariz., the Canario Copper Company has been considerably delayed of late, owing to destructive storms which swept over the country, and which interfered with telegraphic communication and railroad transportation. The property of the company, however, suffered no real damage, and with the exception of the breaking of a new pipeline, the work has been successfully prosecuted.

ROSECRANS AGAIN GETS SPOTLIGHT

Two Good Completions Made by Big Five and Union Companies

The Rosecrans field which has been out of the spotlight for more than a year, so far as new production is concerned, came to life last week with two new wells, both in the northern part of the field, and each making about 1000 barrels a day of high gravity oil. The Union Oil Company which completed a 400-barrel well in the northern part of the field, and the Big Five Oil Company, operating in the northeastern part of the field, got an equally good well in its Wright No. 3—a second well on this property. Except for the Big Five which expects to start drilling a third well in the near future, the development at Rosecrans at present is limited to the Union's drilling on its Big Howard Park lease, and the Barnard operations on the O'Dee property. Barnard has several wells under way on the O'Dee lease, but is having more difficulty in getting completions than it formerly had.

OPERATIONS IN KERN OIL AREAS GAIN

Thirteen New Projects Spudded in, Ten Being in Midway Field

BAKERFIELD, Oct. 24.—(Exclusive)—Petroleum development took a spurt last week in Kern county. Thirteen new wells were spudded in, ten of which are located in Midway field, two in the Paso Creek district and one in the Kern River area. Seven of the permits for new wells were taken out by the Gurel Oil Company, which is located on Sec. 21, 21-22 in the Midway and designated as No. 4-4, No. 5-4, No. 6-4, No. 7-4, No. 8-4, No. 9-4, No. Comrades Recall Valorous Deeds of Rough Rider Chieftain

Above—Col. H. B. Hervey, former major in Roosevelt's Rough Riders, addressing throng. Below—E. J. Darnelle, speaker of the day.

VETERANS PAY TRIBUTE TO ROOSEVELT

Honor Done Fighting President at Memorial Park Program Commemorating Sixty-eighth Birthday Anniversary of San Juan Hill Hero

An audience composed of more than 3000 Spanish-American War veterans, members of their families and friends stood reverently with bare heads at Roosevelt Memorial Park yesterday, while speakers paid tribute to the man after whom the hallowed spot was named on the anniversary of his sixty-eighth birthday. Amid the green settings that enhance the forty-acre memorial dedicated last year to the hero of San Juan Hill his former comrades, many of whom were numbered among his personal friends, listened while Col. Henry B. Hervey, former major of the Roosevelt Rough Riders, eulogized the fighting President.

The services were under the auspices of Roosevelt Camp No. 8, Spanish War Veterans, Masonic Temple, big-game hunter and a veteran of the battle of San Juan, acted as chairman of the day. All the local surviving members of the Rough Riders attended as guests of honor. Led by the first list of nominators, the United States Weather Bureau, the only ranking officer of the famous regiment now alive.

The services opened with the call to the colors, given by the drum corps of Camp No. 8. It was followed by the playing of the colors to the peak of the park flagstaff by Arma Troop No. 60, Boy Scouts of America, under direction of Troop Chairman Harry Wittler.

There came the singing of "The Star Spangled Banner" by the audience, accompanied by the part pipe organ, said to be the largest outdoor instrument in the country. This was followed by the playing of the organ of compositions by Bach, Sousa and Wagner, according to the wish telegraphed the memorial committee by Mrs. Roosevelt.

Next was a selection by the drum corps, winners of the national competition cup at Des Moines, Iowa, last summer.

Mr. Mitchell's address followed, after which he introduced E. J. Darnelle, of the Better America Federation, speaker of the day, who extolled the dead chieftain and denounced pacifism. Mr. Darnelle paid a high tribute to Thomas F. Ledwidge, present among the veterans unit, and related how Ledwidge had performed a heroic act while assigned to the secret service branch during the war.

Another veteran who attracted attention was Robert Brown, of the Henry P. Bardner, who acted as Col. Roosevelt's orderly throughout the war. Ledwidge, they live but a few miles apart, he and Ledwidge met yesterday for the first time in twenty years.

Other speakers the honor guests were: Lieut. Frank P. Hayes, George B. Hoffman, Robert Brown, of the Henry P. Bardner, James Yost, of the Hill, Judson Heard, Raymond Moore, Albert J. Johnson, Thomas F. Cavanaugh, Charles M. Kelley, John P. Roberts, George Thompson, John A. Ryan, Warren P. Taylor, John R. Keen, Fred Chilcoat, Henry Sellers, Thomas Funness, Charles A. Wilson, Sam Garret, James Collins, George Dodge, A. C. Munson, E. E. Greene, Frank J. Seiger, William H. Wilcox, William J. O'Connor, Charles McDowell, Thomas A. Macklin, Fred E. Ewing, William T. Stearns, John E. Weston, W. E. Feter, N. L. Montgomery, J. Robinson, J. Robinson, A. G. Bolenbaugh and Dan J. Hurd.

The services closed with the singing of the national anthem by the entire audience, while the Boy Scouts, bearing aloft the color standards of the various veteran organizations, stood at attention.

FAMED WAR SPY HONORS ROOSEVELT

Soldier Who Concealed Cuban Map Under Own Skin Joins in Celebration

Paired in the military annals of this country as the man who concealed a complete strategic map of Cuba beneath the skin of his body, Capt. Thomas F. Ledwidge, a soldier of the Spanish-American War, joined in the celebration of the birthday of the President.

At the time he concealed his map, Ledwidge was a soldier of fortune for the Cuban cause under Maximo Goniex, who was then fighting against the Spanish government. The map, which he brought up to date, complete military map of Cuba and volunteered to deliver it to the United States government.

He was captured by the Spanish and taken down and out into two sections, was traced on the white silk torn from a woman's petticoat, and was hidden in the skin of his back.

At the time he concealed his map, Ledwidge was a soldier of fortune for the Cuban cause under Maximo Goniex, who was then fighting against the Spanish government. The map, which he brought up to date, complete military map of Cuba and volunteered to deliver it to the United States government.

He was captured by the Spanish and taken down and out into two sections, was traced on the white silk torn from a woman's petticoat, and was hidden in the skin of his back.

FOOTPRINTS TO BE DESCRIBED

Arizonans Will Testify for Mrs. McPherson

Witnesses Here to Tell of Trail Followed

Prosecution to Investigate Mysterious Letter

Testimony to the effect that footprints they believe to have been Aimee Semple McPherson's were traced to a point eighteen and one-half miles from Agua Prieta and near a deserted shack will be given by two new witnesses from Arizona at the hearing of the evangelist and her mother, Mrs. Minnie Kennedy, in Municipal Judge Blake's courtroom, according to a statement made last night by Chief Defense Attorney Gilbert.

The new witnesses are O. A. Ash, Douglas, Ariz., constable, and M. E. Irwin, a photographer, who arrived in Los Angeles yesterday. Although the defense was unwilling to reveal the exact place further, it was believed that Ash and Irwin will be placed on the stand as Mrs. McPherson's attorneys lay the foundation for testimony on which they expect to definitely locate the shack in which the evangelist says she was held a prisoner by kidnapers.

As the defense named new witnesses, the prosecution, it was learned, was investigating the origin of a letter received by Dep. Dist. Atty. Dennison, the handwriting on which, Dennison asserted, has a marked resemblance to that of the first \$500,000 ransom note received after Mrs. McPherson's disappearance.

PROSECUTION ASSAILED
The writing of the letter to Dennison, it is understood, took exception to his prosecution of the McPherson case and assailed him bitterly. Although unwilling to reveal all of its contents, Dennison declared that it was different in tone from the letter which he received from the District Attorney's office and was apparently written by one deeply conversant with the case. He declared that the letter had been turned over to Chief Investigator Cohn for further action.

Other witnesses that will soon take the stand at the request of defense attorneys, it was learned, will be Detective Captain of the University of California, Southern Branch, in a lecture yesterday at the Southwest of the foundation. These witnesses, it was learned, were the physical conditions and the quality of the population are both adapted to contribute to the cultural flowering of American civilization.

He contrasted American and European culture, declaring Americans have placed within the reach of everyone a greater measure of economic well-being, of political and religious liberty, and of educational opportunities, while Europeans are still in the grip of a narrow, intellectual, and materialistic life. But the only reason for this is that energies have been absorbed by the building of the foundation. These witnesses, it was learned, were the physical conditions and the quality of the population are both adapted to contribute to the cultural flowering of American civilization.

MYSTERY IN FRITH TRIP TO CAPITAL

Capt. Thompson's Coming Also Adds to Conjectures on Dry Activities

With the expected arrival early this week of Capt. James A. Thompson, mystery figure in the affairs of the Southern California branch of the Federal Reserve Administration, and the return to Los Angeles of Col. Frith, administrator of the district, prohibition enforcement is expected to undergo radical changes.

Col. Frith's latest eastern trip was kept a secret until members of his family admitted yesterday he "had been in Chicago," but declined to comment on his reported jaunt to Washington.

The charged atmosphere at the prohibition office on the eleventh floor of the Transportation Building after the coming of Capt. Thompson ostensibly to succeed W. W. Anderson, recently deposed assistant administrator in charge of enforcement, has been heightened to a greater extent by the absence of Col. Frith for a week, without other explanation than that he was "taking a rest."

The Lancer

by Harry Carr

THEODORE DRENNER, the author, is in pain. He is shocked to find that Europe has abandoned its ideal and is hunting after dollars.

There is, however, another way of looking at it. The most important problem of the whole world is that Europe not only hunts after dollars, but that she hunts with such painful zeal that she drives heading into work-to the end that the wreck be repaired.

WORKING THE FUR
While Europe has almost used up its chance. Just as we of the New World are feeling away our chance. Living on the almost untouched resources of this new America, we are like a man sitting calmly under a tree of life, fruit not caring what will happen when "the year has shot her yield."

If there is anyone who does not see the need of a little more paragraph in the Sunday paper, he must be a dull fellow. This almost-ignored paragraph tells of a treaty of amity between China and Turkey. Think it over!

"LOVELY MOTHER"
The wife of a Los Angeles attorney killed herself and her children because her over-sensitive conscience told her she hadn't been a "lovely mother."

What is a "lovely mother"? About the latest mother I ever knew didn't know where her church children were most of the time. But when she happened to be a family reunion, she could put on a catcher's mask and play baseball and ride any horse on four feet.

THE PERFECT FLAPPER
On a birthday, one of her sons wrote her a letter: "Mother, dear, whenever I hear about flappers I think of you." They all grew up to be fine and—adoring the memory of a mother who used too much lipstick, wore her stockings far too thin, and was frivolous to the end.

THE TICKLED FEET OF GENIUS
It is curious how many foolish and silly stories survive. This, die out; then take a new lease of life.

One of these has burst out afire. It is about Lillian Glavin, how Dr. Glavin had a talented stage hand drive her into fringes of hysteria by tickling her bare feet—thus obtaining the proper emotion to film the scene where she baptizes the dying baby in "Way Down East."

It happens that this great scene was filmed in a little board-inn in the Grinneth studio in Manhattan, N. Y. Only one people saw it—Mr. Glavin, Miss Glavin, baby, the cameraman and myself.

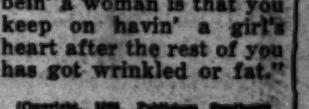

Miss Glavin's pedal extremities were covered by a perfectly good pair of shoes. She had no all in the way of a tickling stage hand. She had to struggle along with the suggestions of a great director—and the help of her own genius—the greatest historic genius that this generation has produced.

FIRE COMMITTEEN TO MEET THURSDAY

Committee of the Los Angeles County Fire Association will meet at 8 p.m., Thursday, at the Verdugo City Auditorium for a monthly dinner and convention. The La Cresenta Fire-Insurance Association will serve dinner, and Chief Assistant County Forester Davis will give a talk on fire hazards, illustrated with stereoscopic views provided by Chief Robert L. Dunlap. Cards and dancing will follow.

MEN DIE IN CRASH

Passenger Train Runs Into Motorists

Woman's Death Also in Auto Accidents

Others Hurt in Traffic Along About City

From their automobile, a Southern California passenger train traveling from Los Angeles to San Diego, crashed into a motorist's car, killing two men and a woman.

The crash occurred on the Santa Monica Freeway, near the intersection of the Santa Monica Freeway and the Santa Monica Freeway. The train, which was traveling at a high speed, struck the car, which was also traveling at a high speed.

This Week and Next
100,000
EXTRA VOTES!

The best vote-getting period of the Los Angeles Times \$50,000 Automobile and Prize Campaign is here! This week and next you can make tremendous strides on your way to one of the thirty fine motor cars to be given away December 18.

Build \$30 Clubs
of NEW Subscriptions

For every \$30 club of new Times subscriptions turned in to the Campaign Department on or before November 6, 9 p.m., a bonus of 100,000 extra votes will be given. These extra votes are in addition to the regular votes given on each separate subscription.

By a club is meant any combination of subscriptions totaling \$30. A club may be comprised of "Sunday only," "Daily only" and "Daily and Sunday" subscriptions. It makes no difference whether subscriptions are for three months, six months, a year, or up to three years. They may be either carrier subscriptions or mail subscriptions, or both.

Only bona-fide NEW subscriptions will apply on this offer. Candidates are not limited to one club. Every \$30 worth of subscriptions will count as a club, earning the 100,000 extra votes. Two \$30 clubs, for example, would earn 200,000 votes. And every individual subscription in the club will earn its regular votes as usual.

THIS 100,000 EXTRA VOTE OFFER IS POSITIVELY THE BIGGEST SPECIAL VOTING OPPORTUNITY OF THE ENTIRE CAMPAIGN. It closes at 9 p.m., November 6, and will not be repeated during the remainder of the campaign.

All new subscriptions that may have been turned in by candidates since the campaign began, will apply on this extra vote offer.

Candidates are urged to turn in their subscriptions as soon as they are obtained, so that subscribers may receive their paper promptly. It is not necessary to hold subscriptions back until \$30 worth are secured. The campaign department will keep an accurate record of every individual subscription received, and issue the REGULAR votes thereon as received. At the close of this special offer a SPECIAL VOTING BALLOT will be issued to cover the extra votes earned.

New subscriptions are worth more votes now than they ever will be later. The extra vote offer may place you safely on the winning list.

Now's Your Chance to Win a Car!

Make the most of this liberal vote offer. Any new candidate can forge quickly to the front. Your spare time in the next few weeks may easily earn for you one of the luxurious motor cars pictured here. Let this 100,000 extra vote offer be the means of fulfilling your hopes!
